

# Ready And Living Prepared: Horses (RALPH)

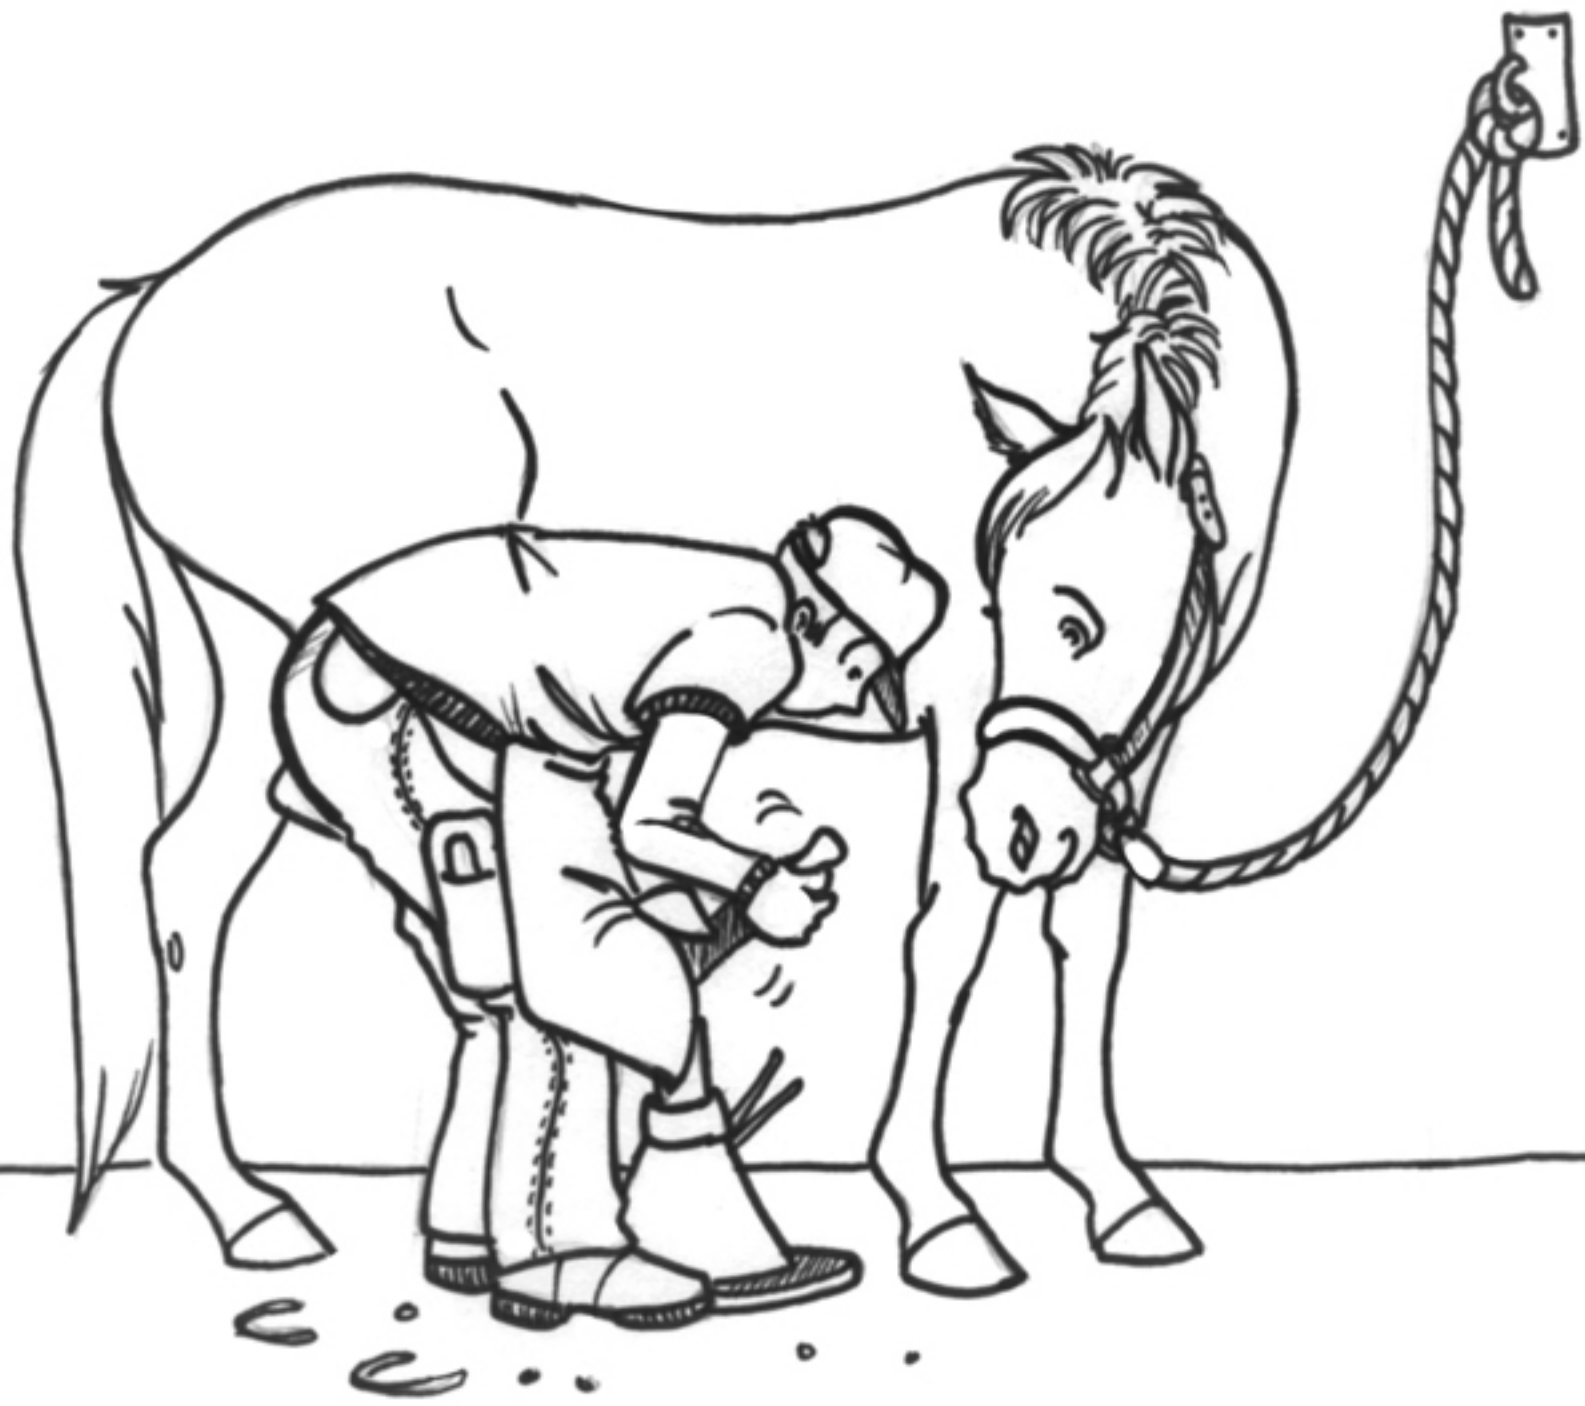

A Coloring and Activity Book  
About Animal Emergency Preparedness

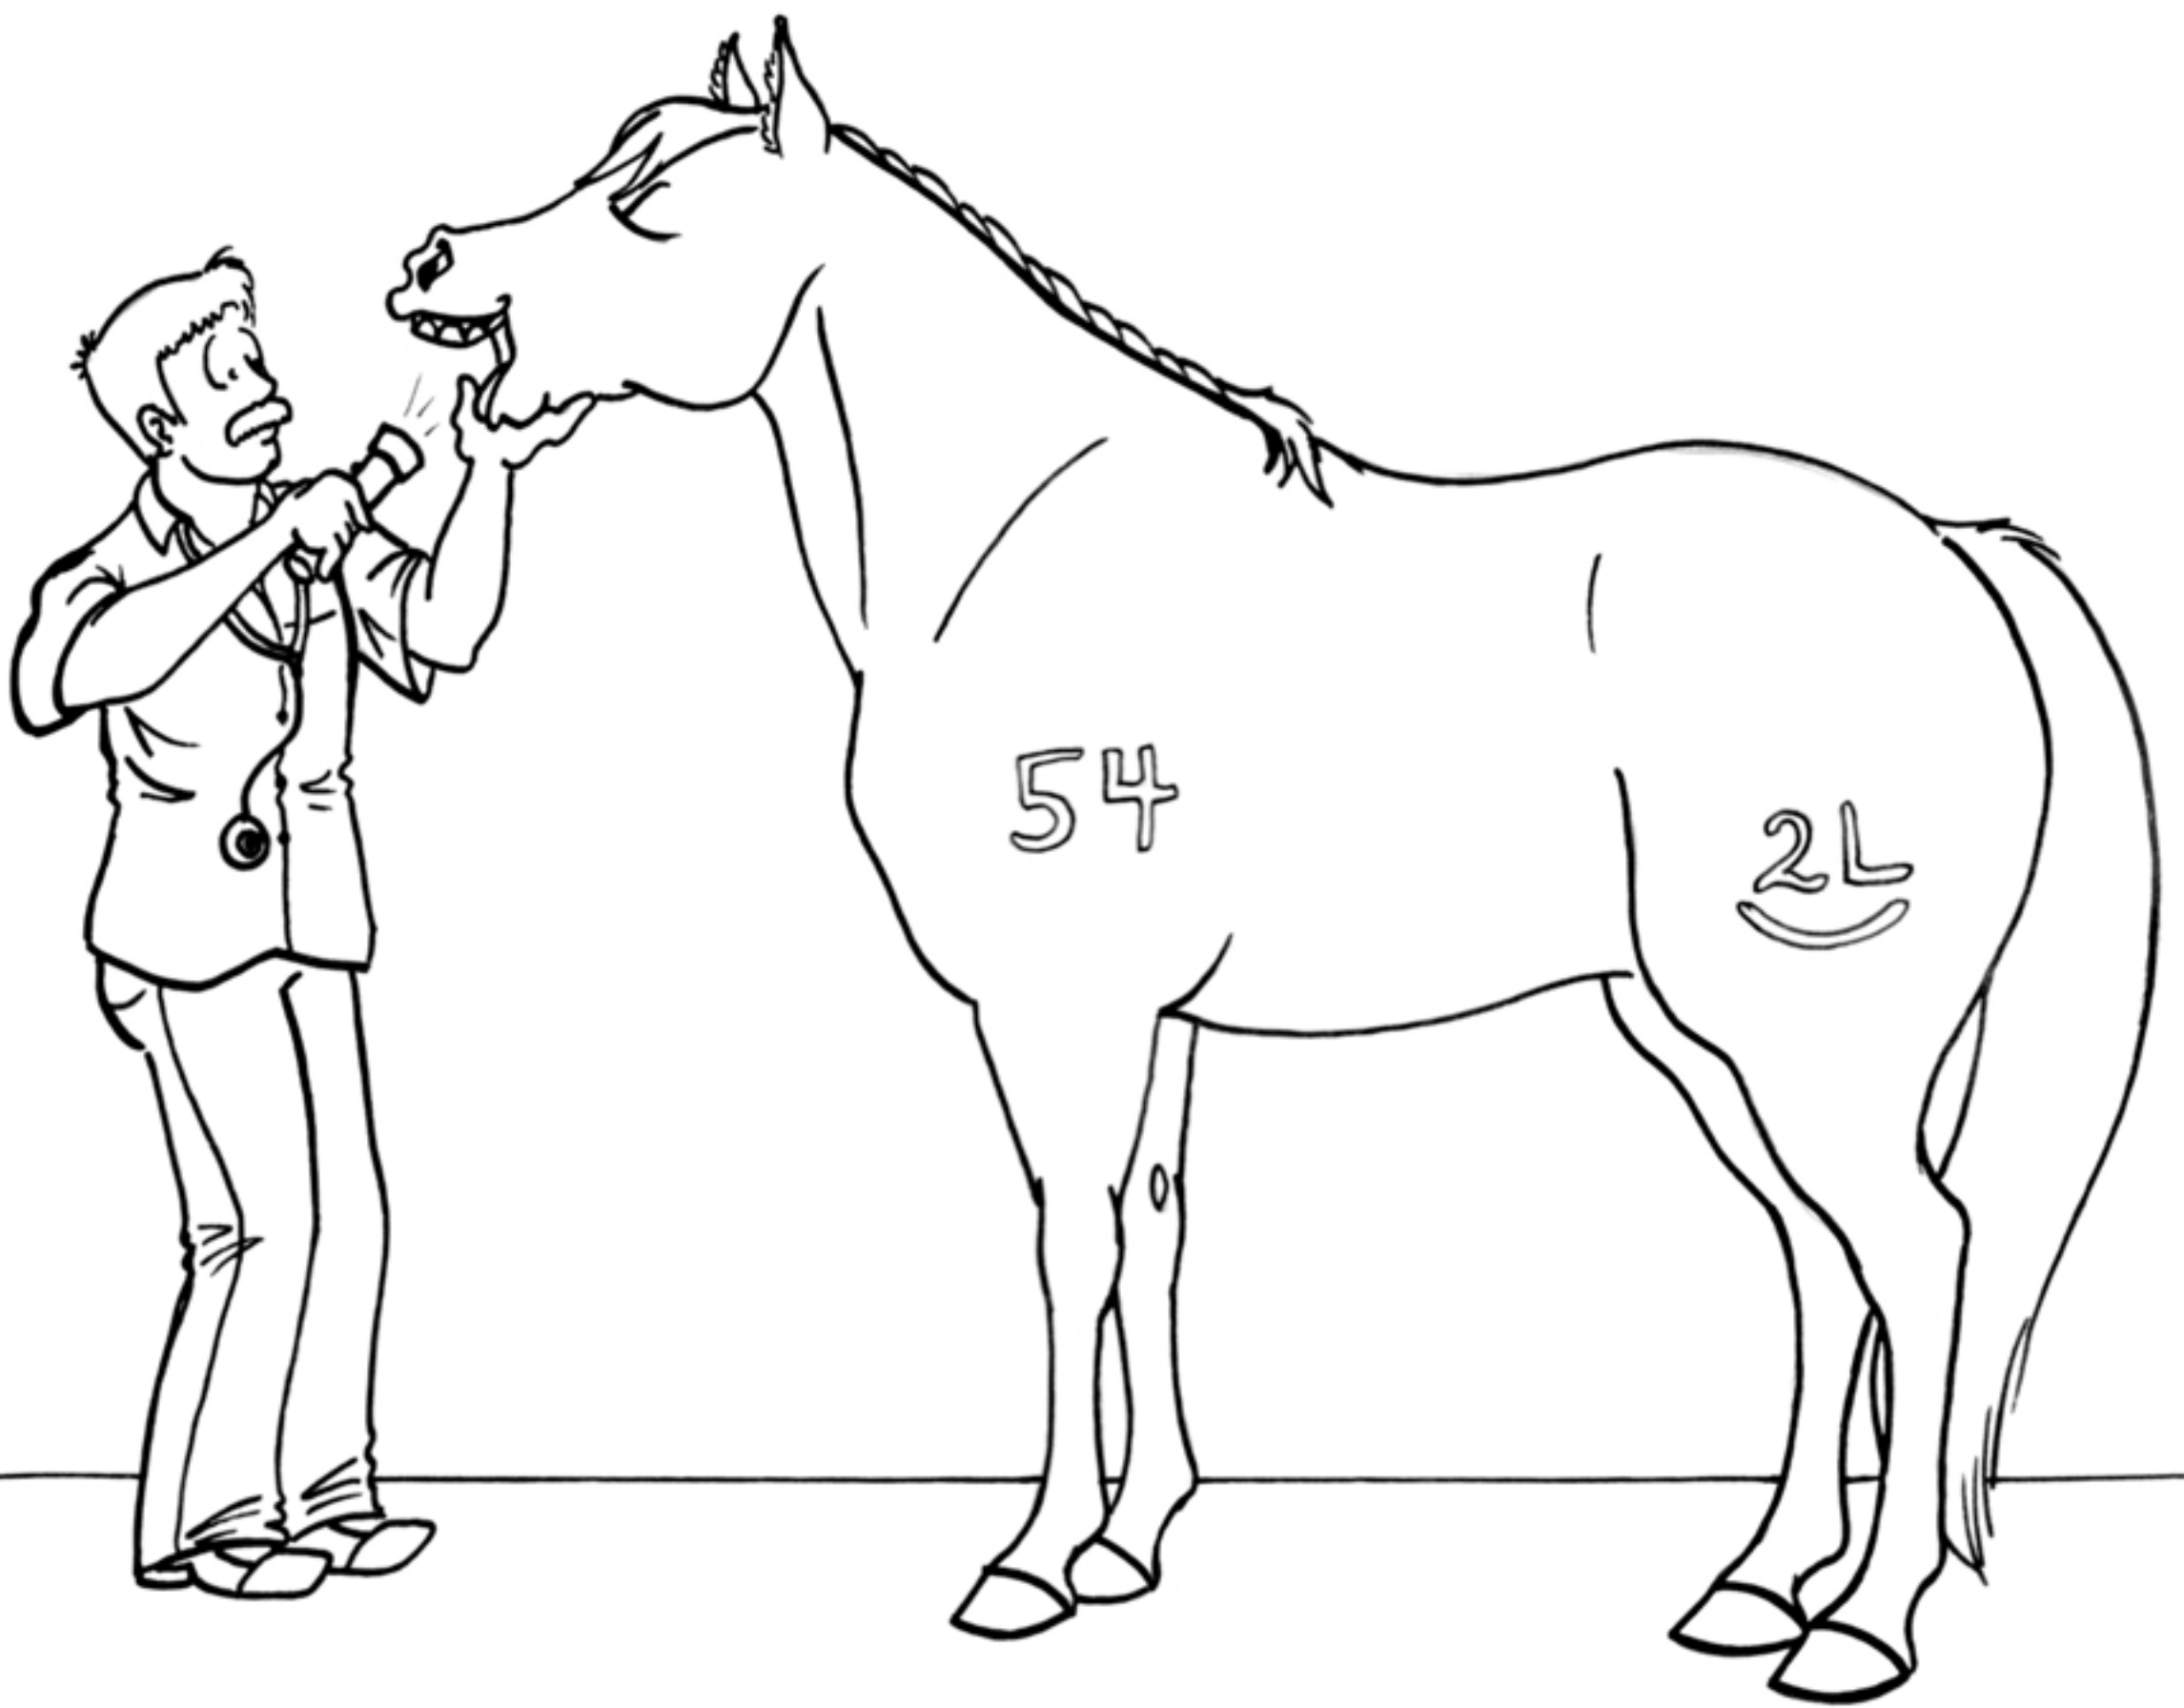

Amy has a horse named Ralph. She waters, feeds, and gives him plenty of grazing time.

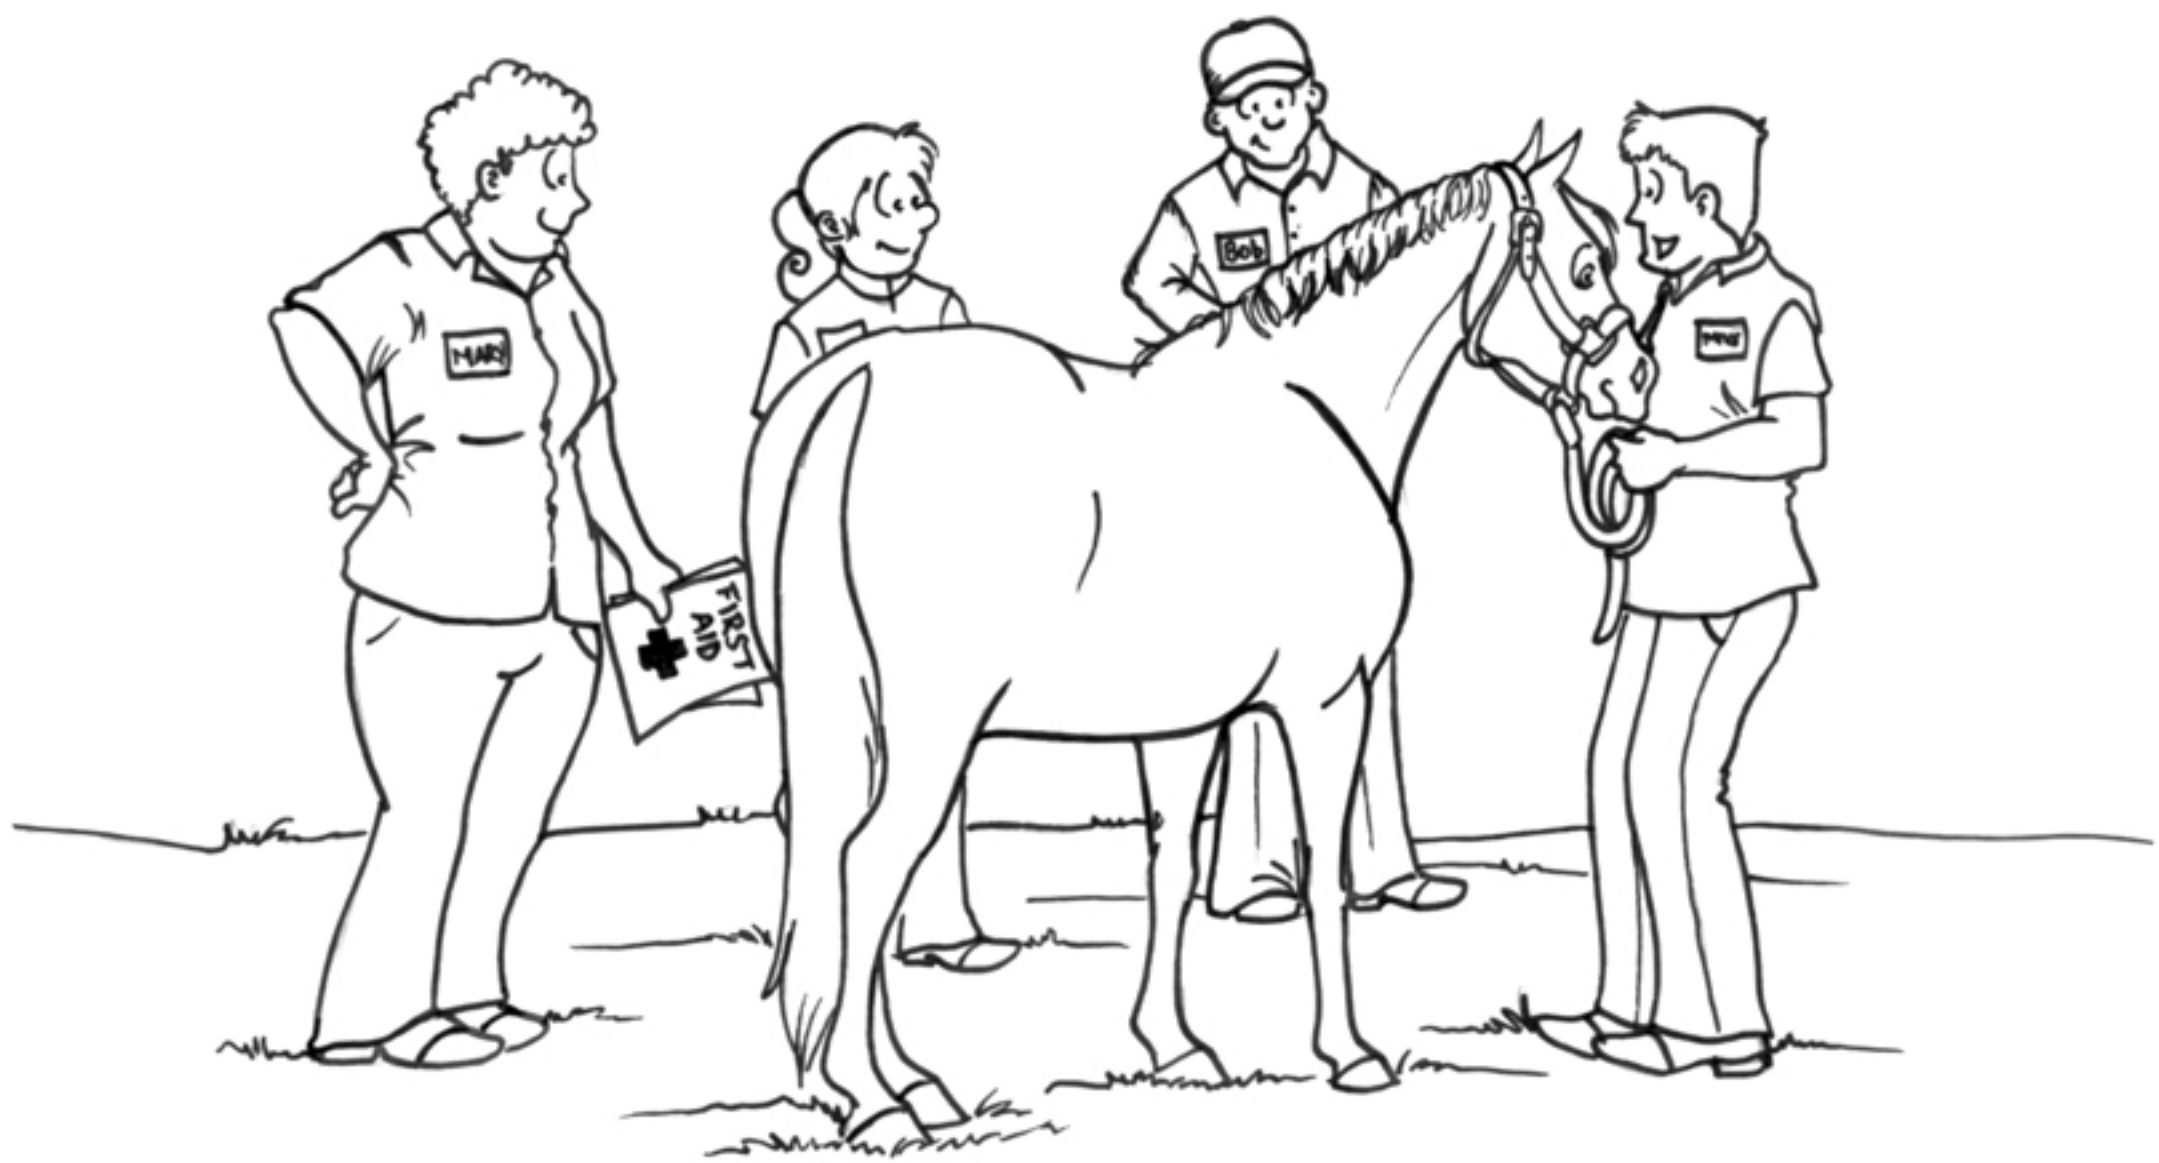

Amy grooms Ralph before and after rides to check his health and for any injuries.

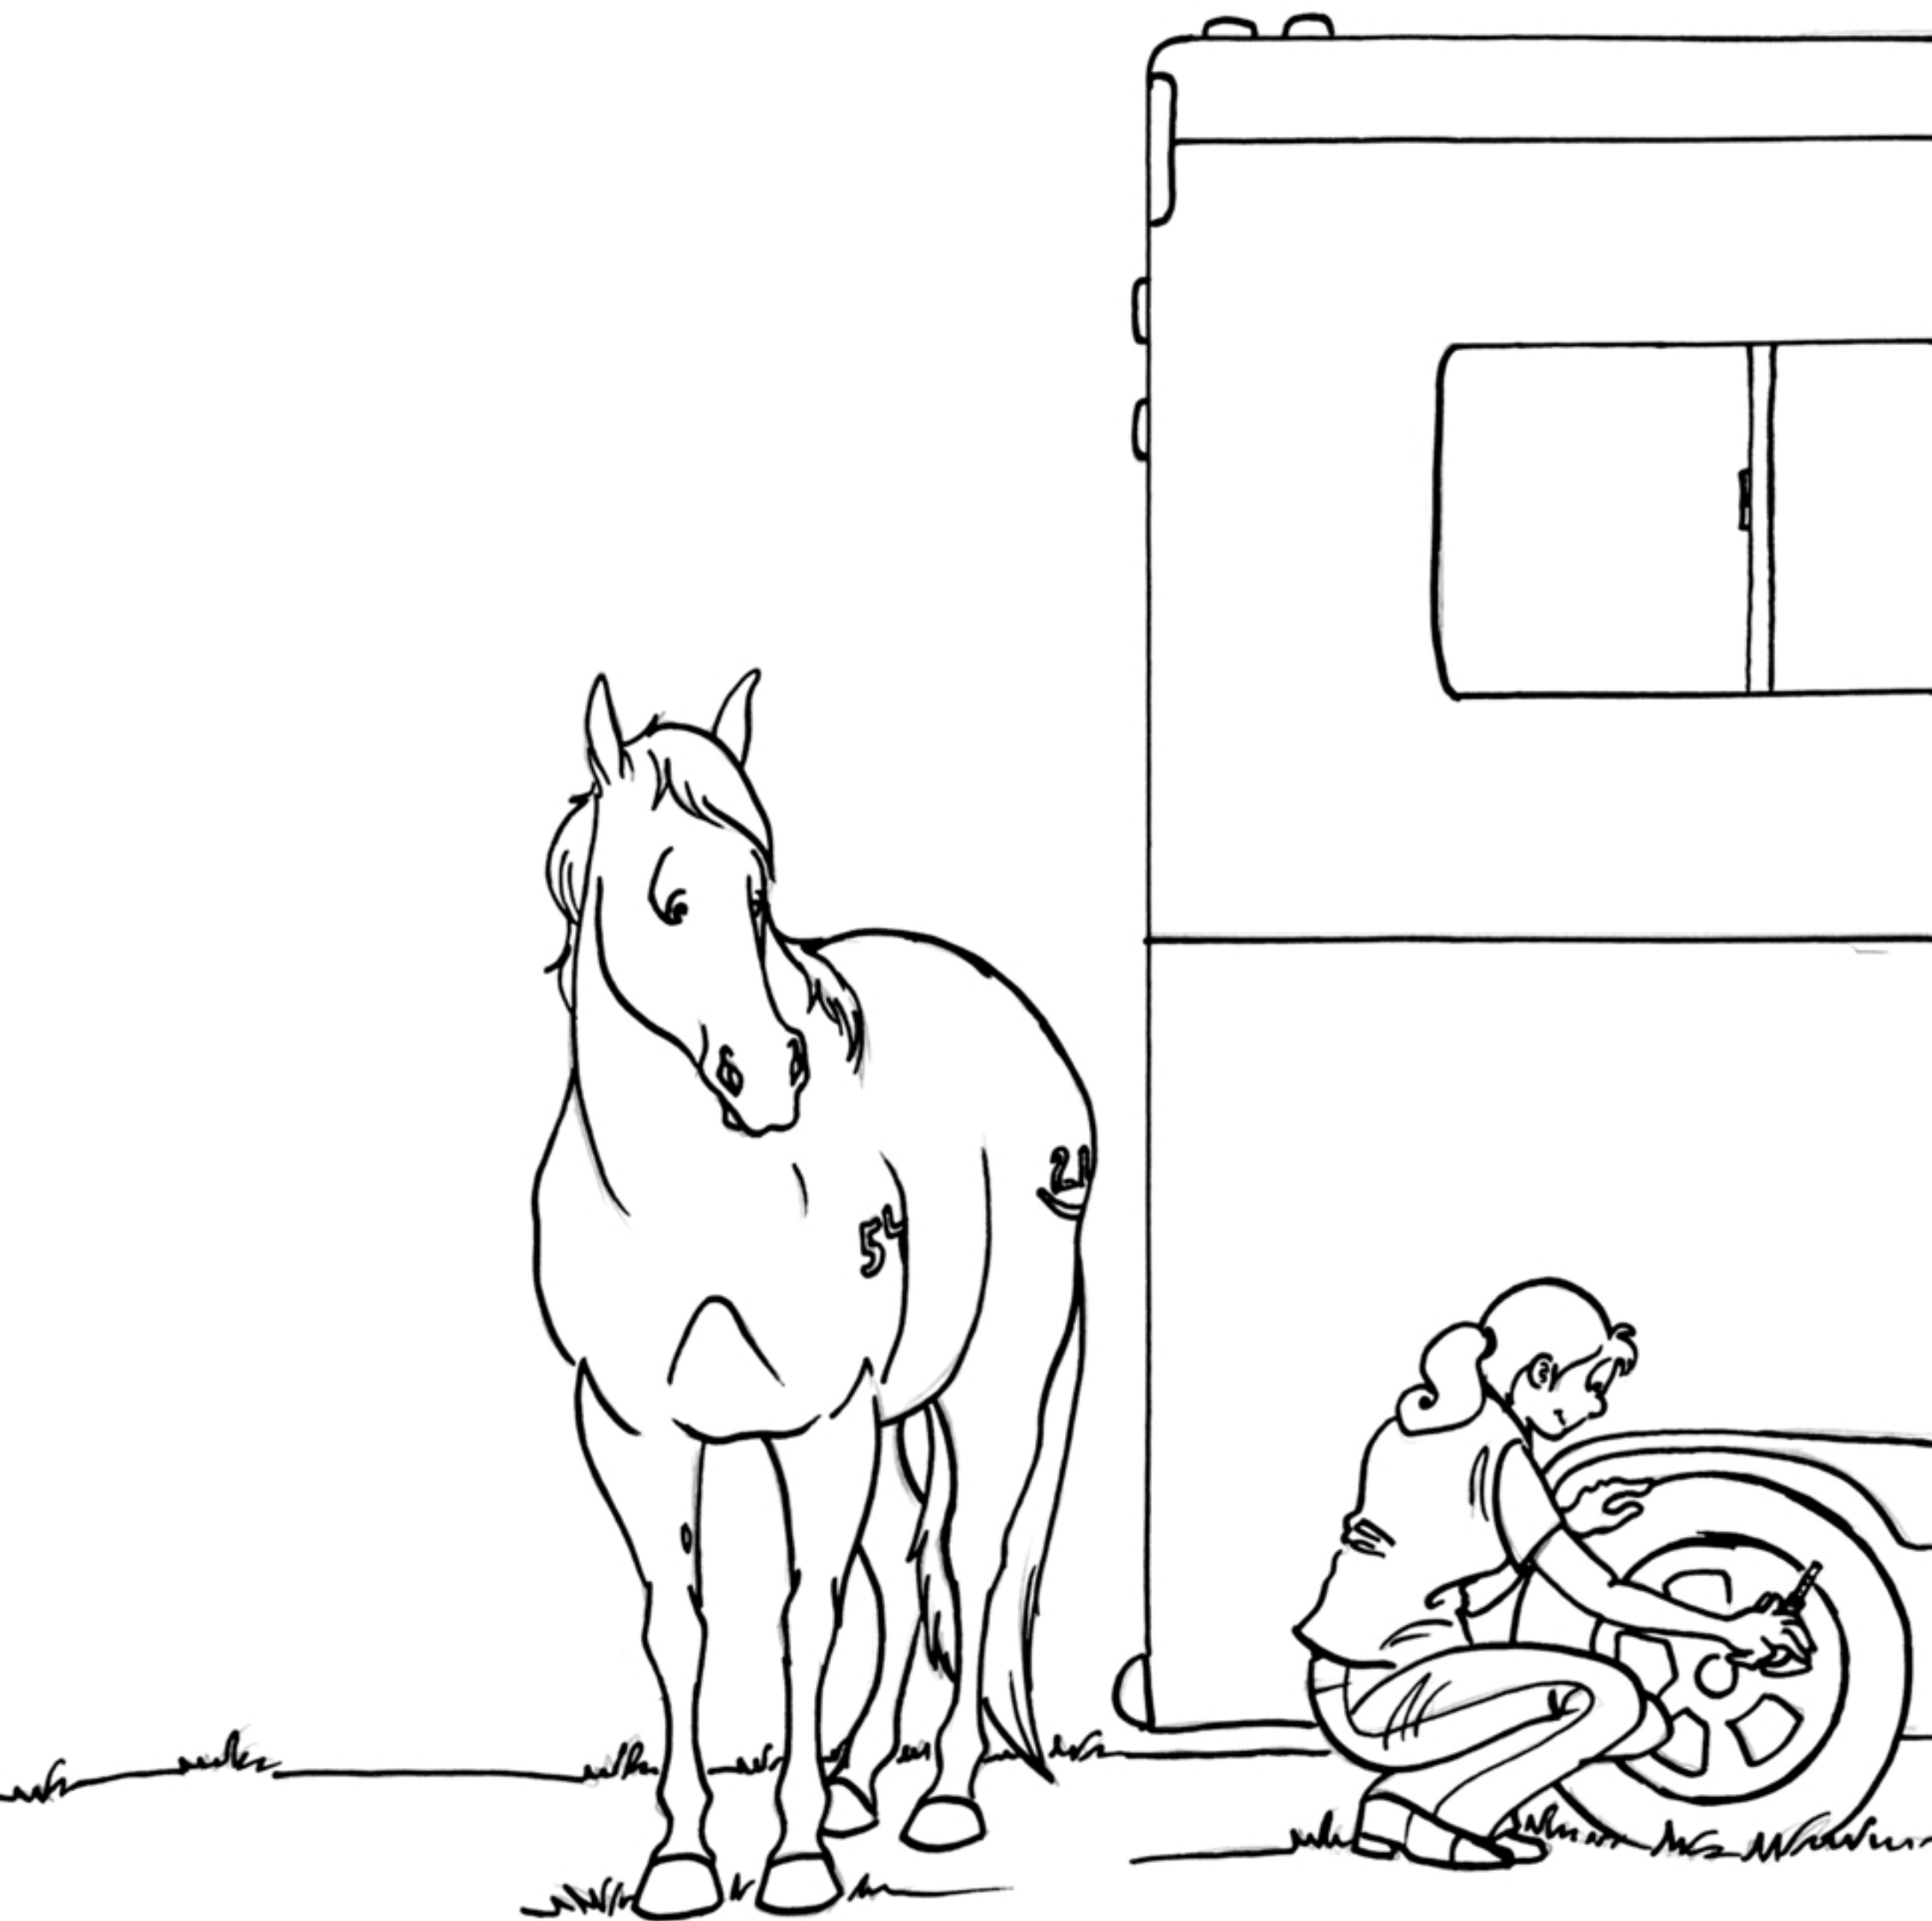

A farrier trims Ralph's hooves to keep them in shape.

A veterinarian gives Ralph his health check-ups, vaccinations, and checks his teeth.

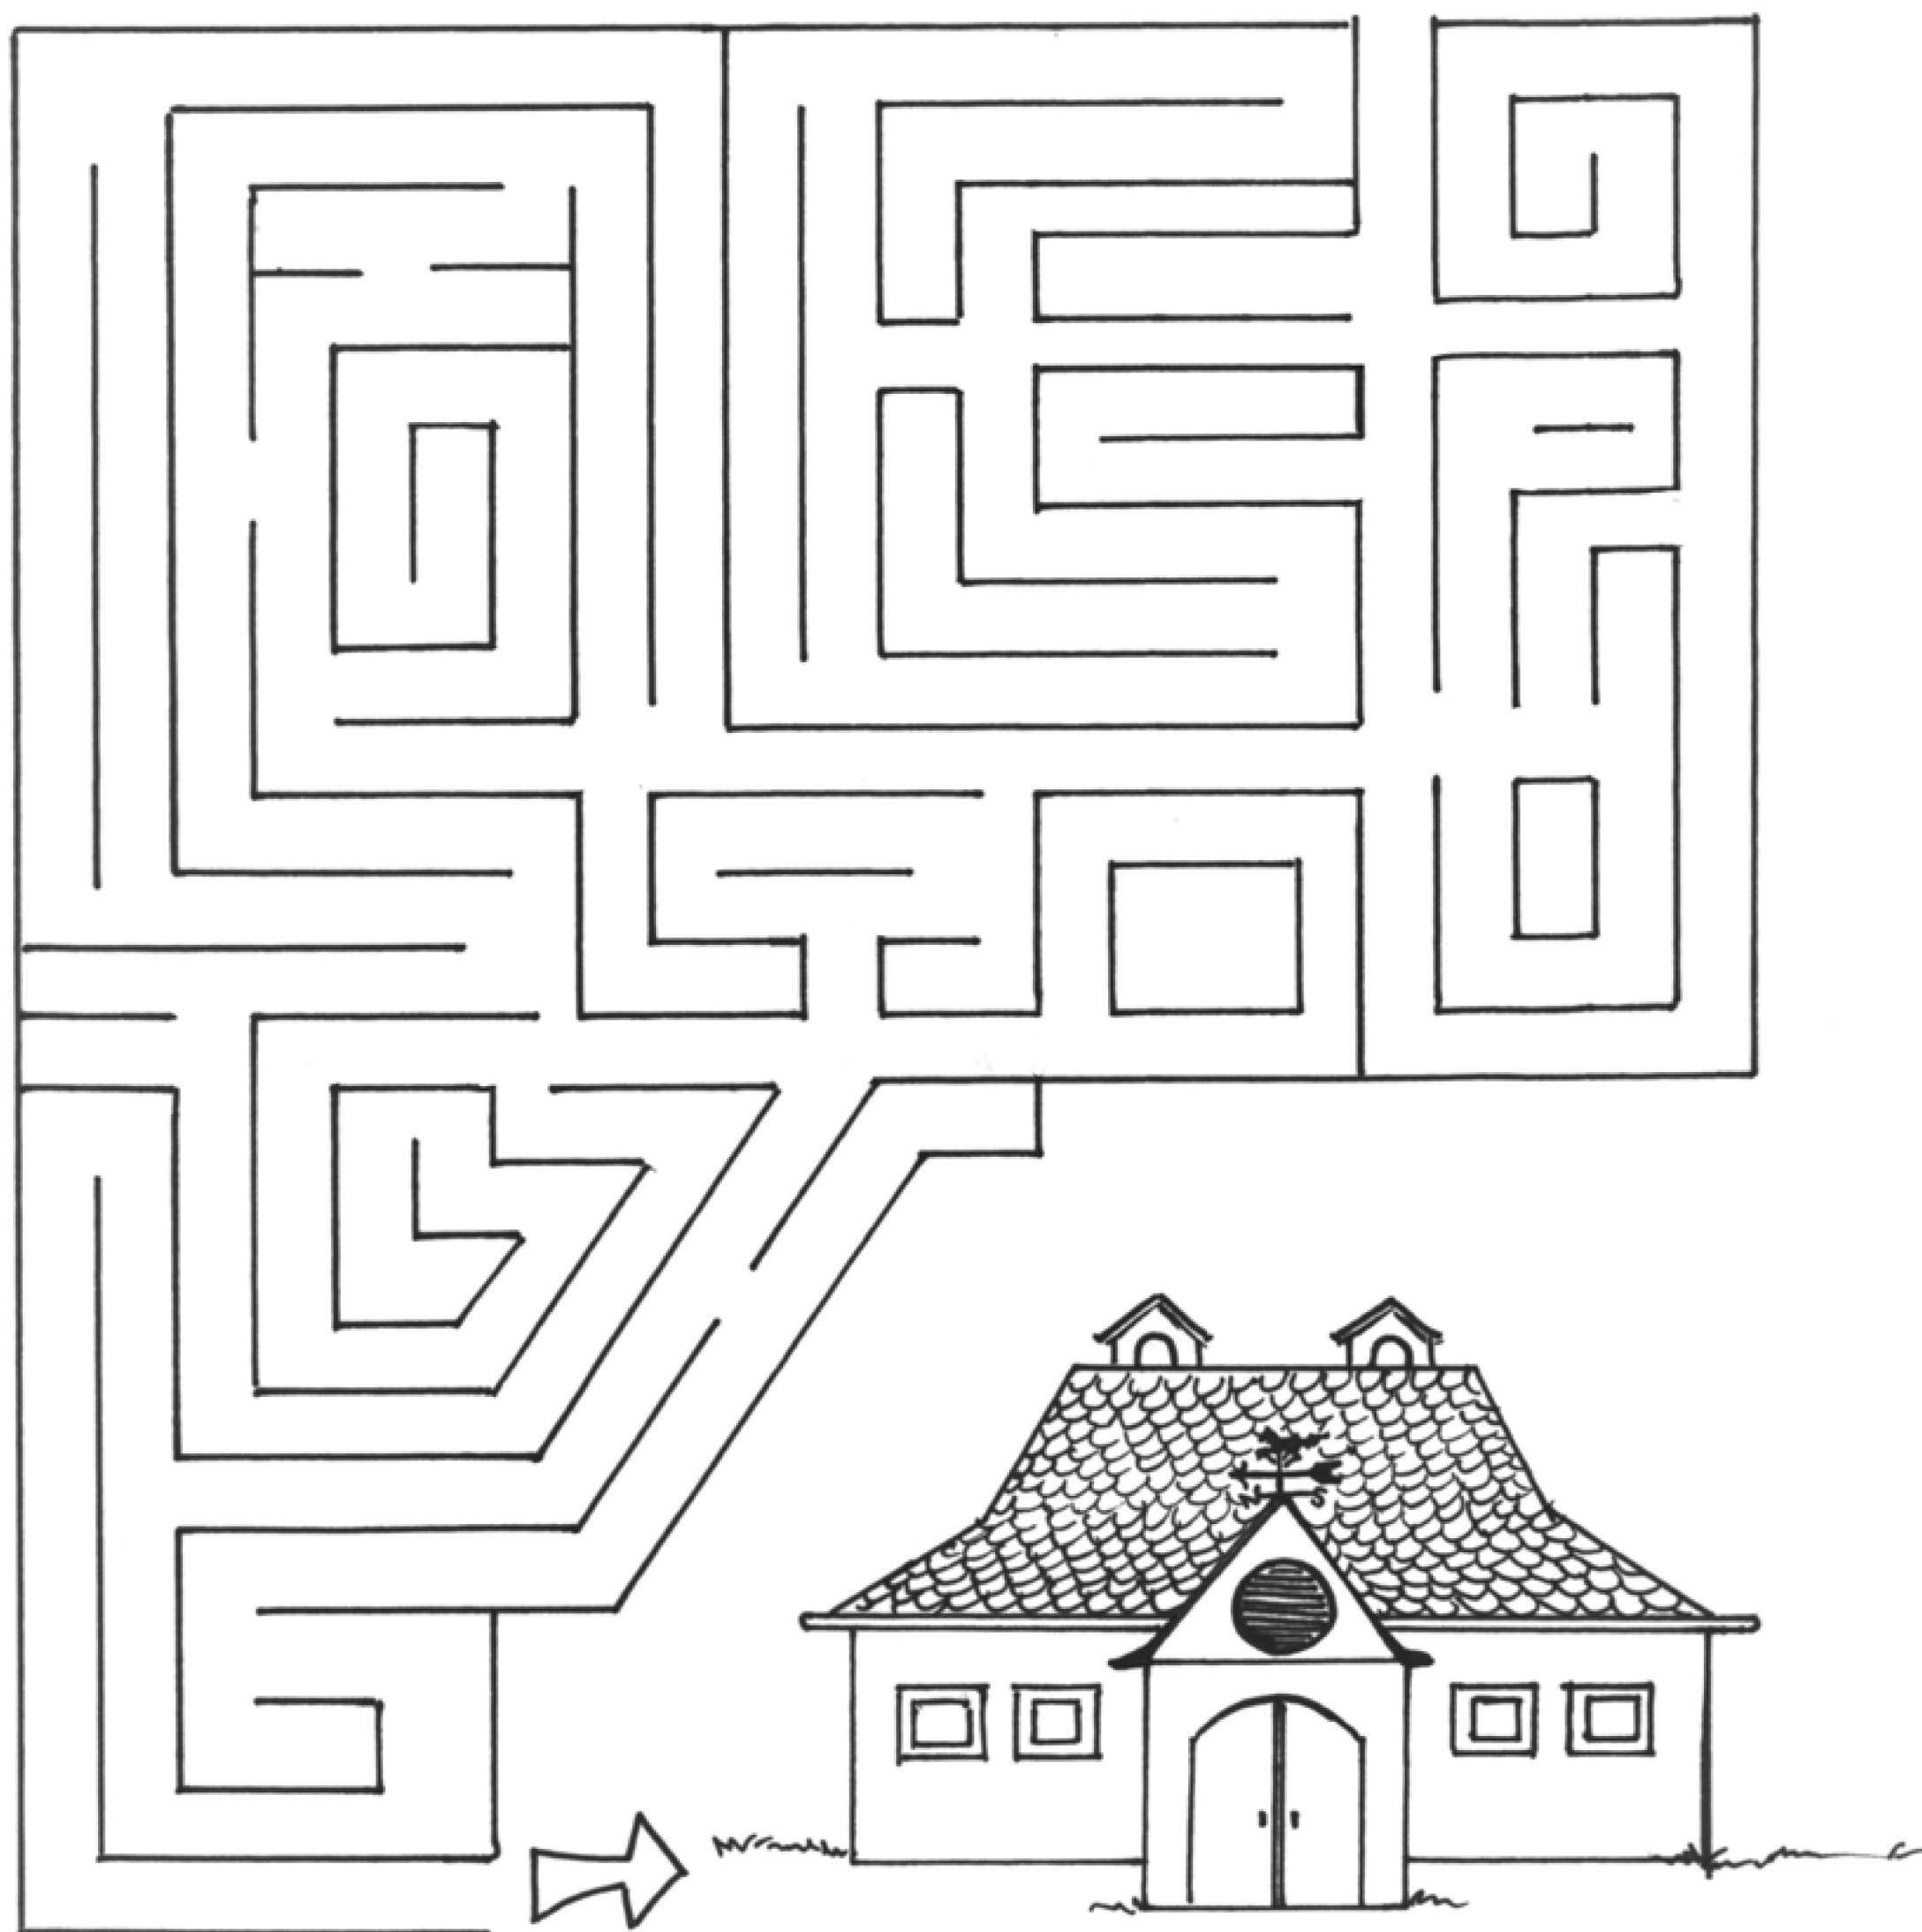

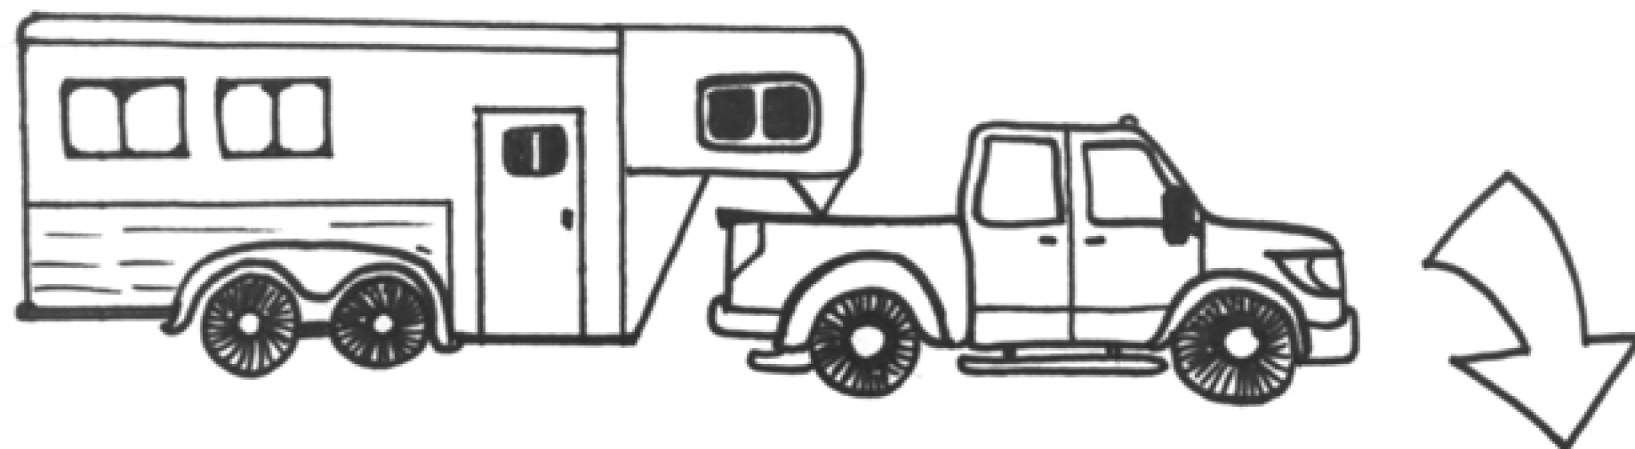

Since Ralph is in such good health and well trained, he helps train volunteer first responders how to help pets in emergencies such as during hurricanes.

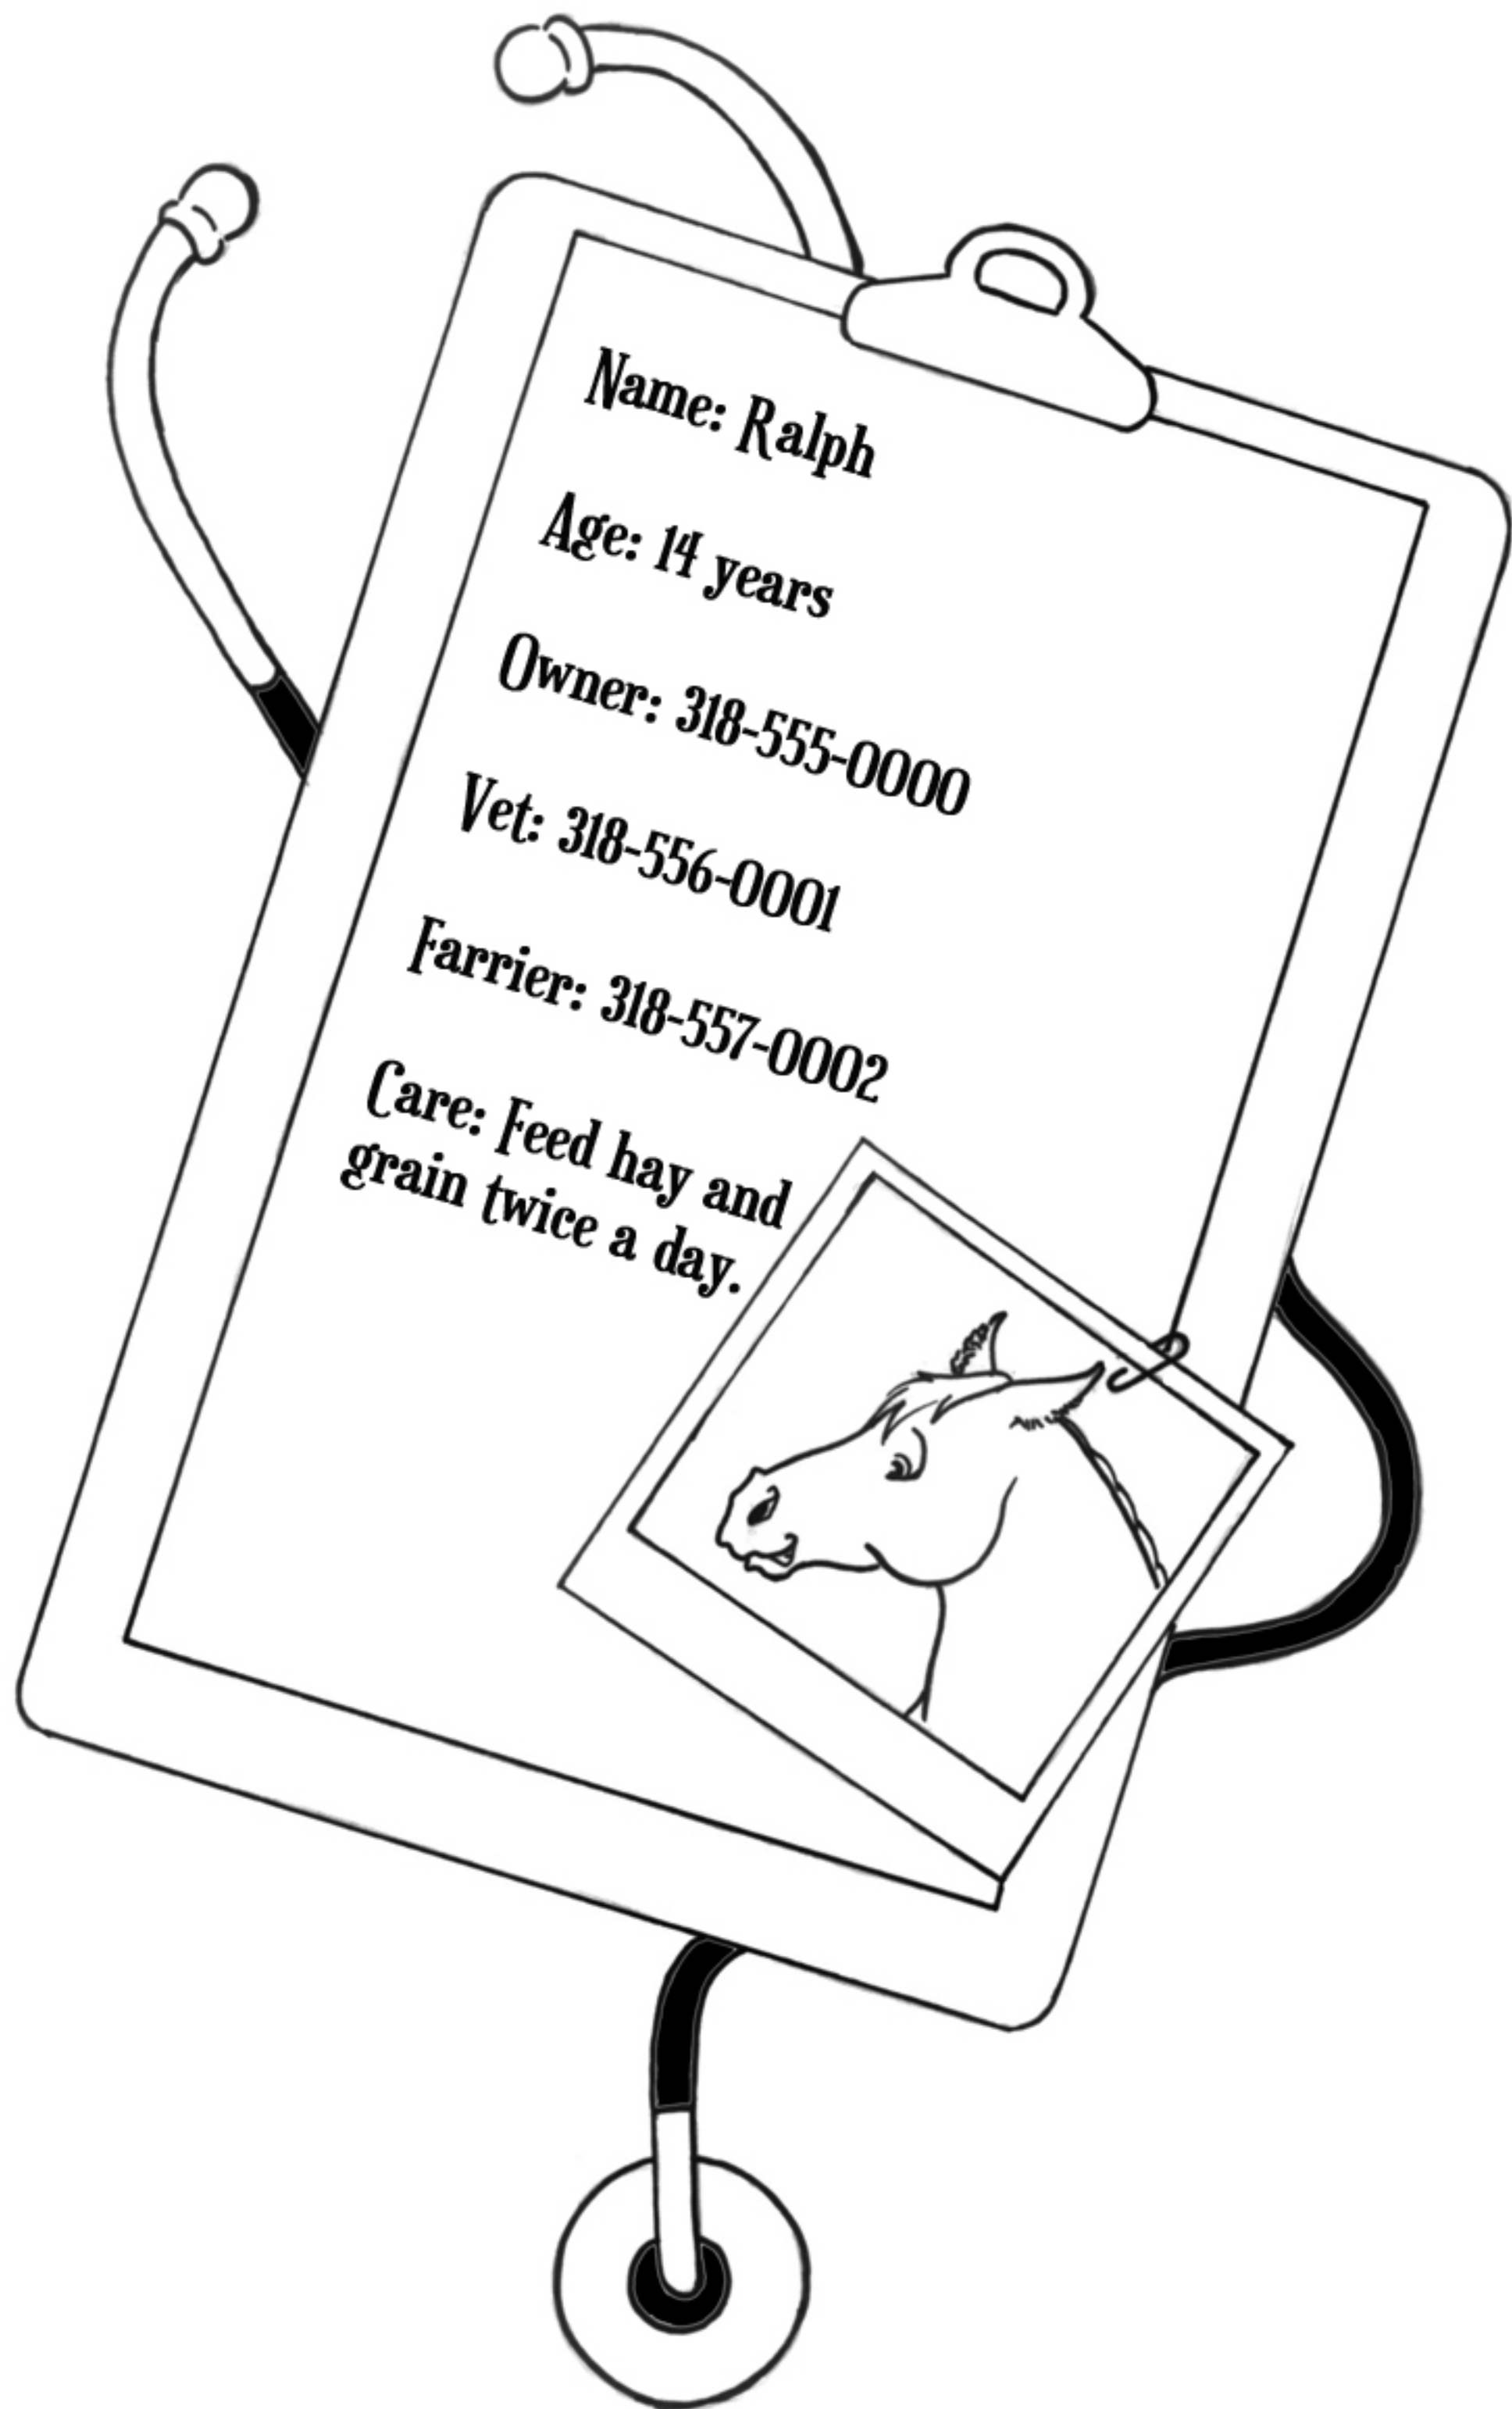

Amy keeps a first aid kit for Ralph and includes him in family emergency planning. She also has to maintain her barn, truck, and trailer for safety.

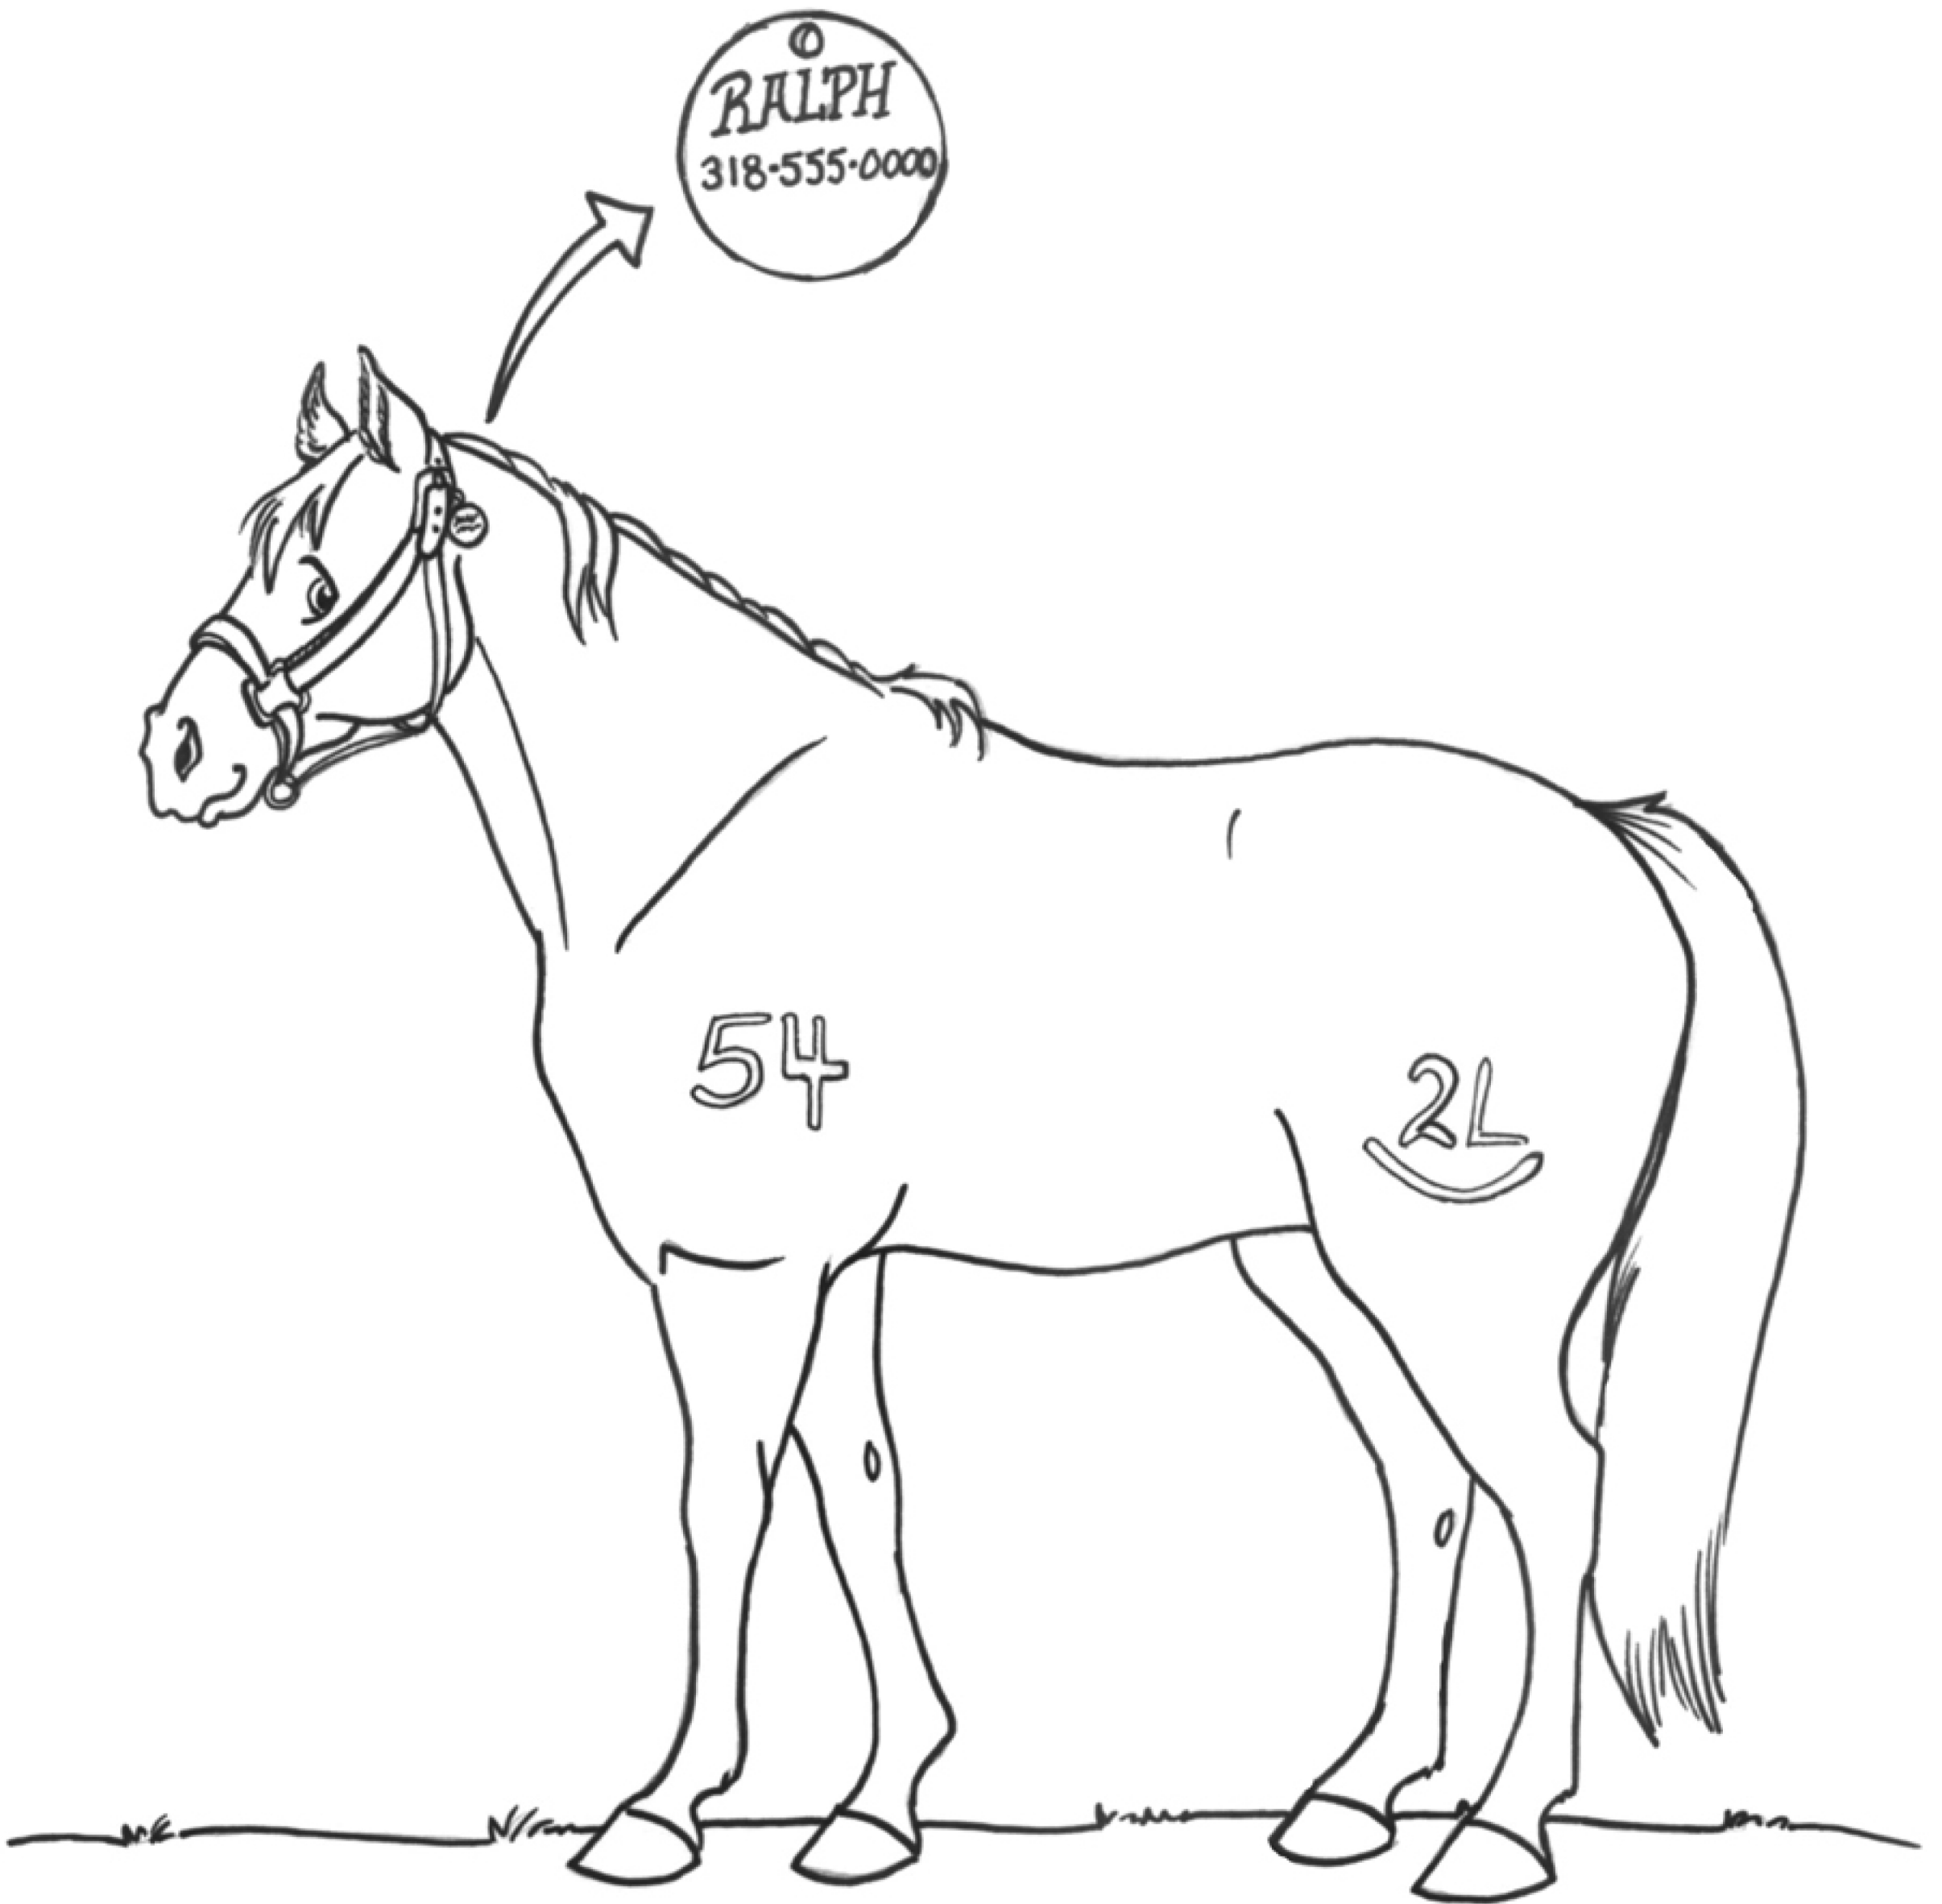

If the family has to evacuate, Ralph will stay at another barn away from danger. Can you help plan the route to the boarding barn?

Amy keeps photos, health records, emergency numbers, and care instructions for Ralph on hand.

Ralph has a brand as permanent identification as well as a halter tag.  
Some horses have micro-chips as permanent identification.

Ralph has his own emergency kit. Can you help Ralph's family check his kit by matching each item to the correct word?

First Aid Kit

Water and Feed

Halter and Lead Rope

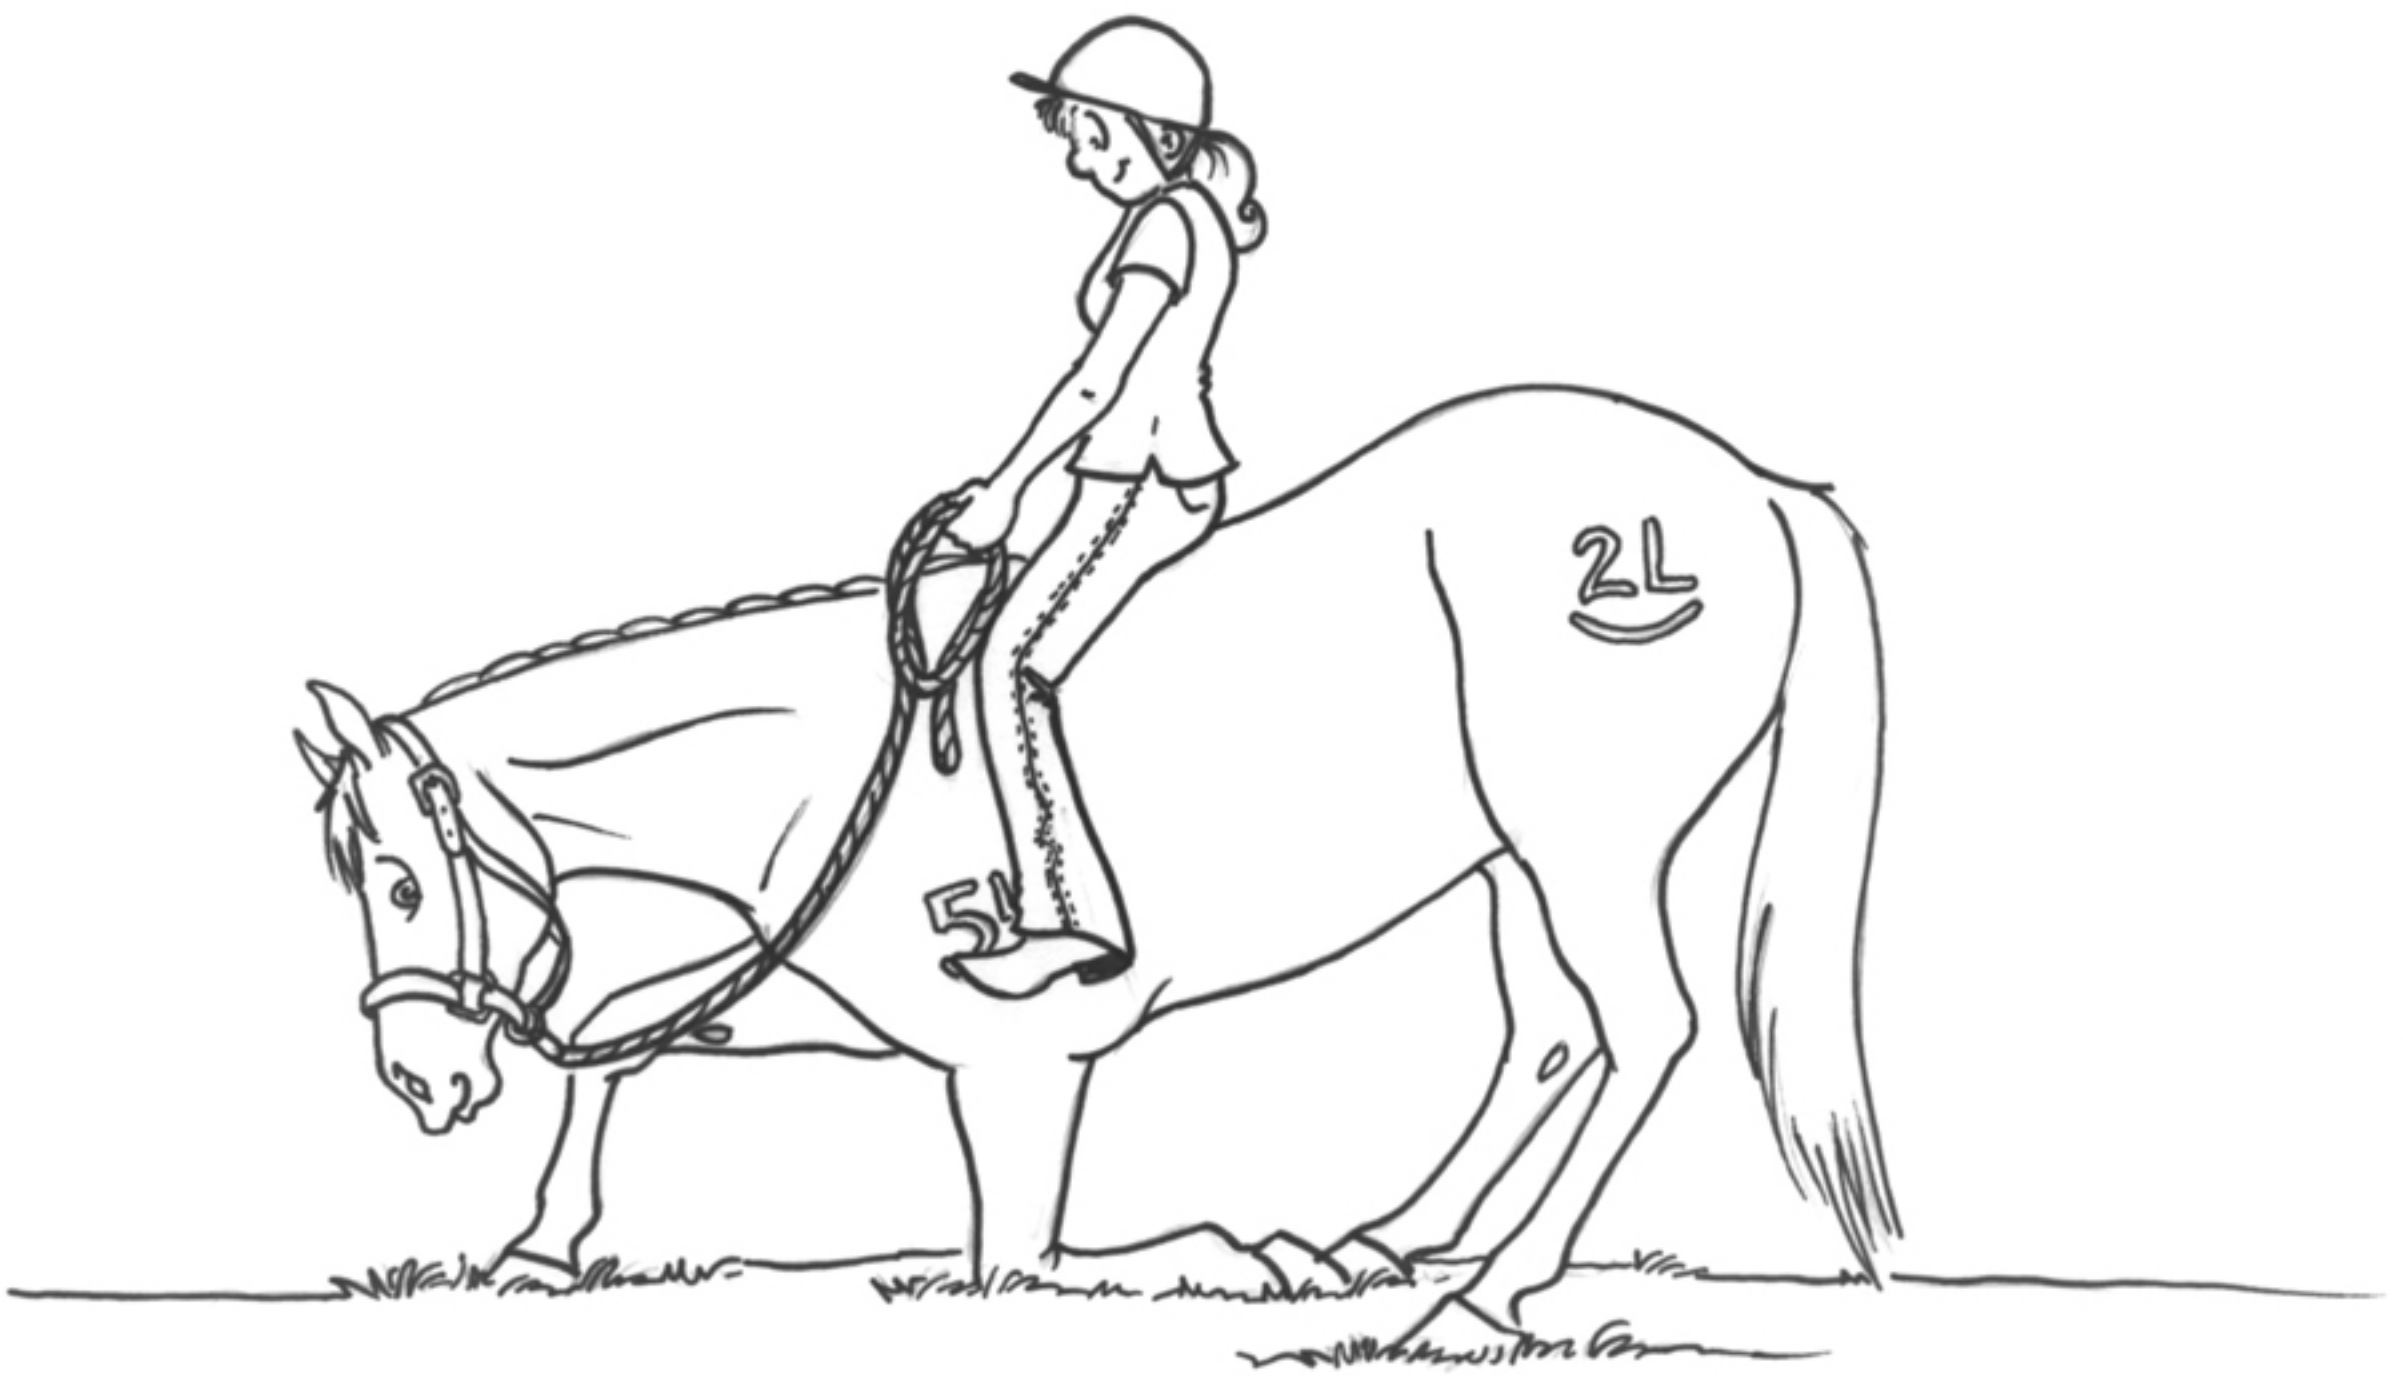

Grooming Supplies

Hay

Are you and your pets prepared for emergencies like Amy and Ralph?

# *Ralph's Responders*

## In Tribute to Ralph

This educational coloring book is in tribute to a trusty bay horse named Ralph. Owned by LSART responder Sara, he made an amazing working partner. He helped train many responders by being such a bomb-proof horse that he didn't need sedation for training exercises, including being washed by groups of students in full body PPE. Having such a patient, calm, and collected animal made hands-on training stress free. The real Ralph even bowed like you see on the last page. He will be dearly missed and a horse that will never be forgotten.

Special thank you to my parents, Amy and Brent, who helped care for Ralph and aided in all of our adventures
